PRESENTING PARRYWARE WATER HEATERS

Presenting a range of avant-garde Water Heaters from Parryware. These Water Heaters are simple to use and put complete control in your hands. With the inclusion of the two instant water heater models, the range now boasts of models with capacity ranging from 25 litres to 1 litre. Getting hot water was never so easy and simple.

FEATURES & BENEFITS:

- **Adjustable water temperature**

Water temperature range can be adjusted from 30 to 75 °C with the turn of a single knob.

- **Durable**

The heater is manufactured by using advanced electrostatic dry method enamel technique making it anti-rust, corrosion-proof, incrustation resistant and leak proof. It also features a Sapphire enamel inner container.

- **Four-fold safety protection**

The heater uses reliable multiple safety protection devices, such as dry heating protection, extra-temperature protection, electric leakage protection and high hydraulic pressure protection.

- **Energy efficient**

Good thermal insulation and thickened urethane integral foaming ensures high energy efficiency.

- **Superior quality**

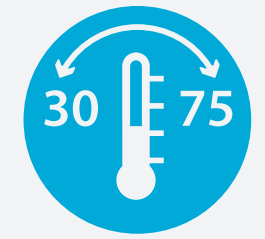

The water heaters have been engineered to perfection using superior quality material to ensure a flawless performance.
